Instructions:

Cut 3 strips of patterned paper 2.5"x8" and adhere side by side to 8.5"x11" cardstock.

Stamp banners at the top of the lay out on the card stock.

Trim photos 3.25"x4", trim a white mat for each photo, 3.5"x4.25". Mat the photos.

Sew a zigzag stitch around the perimeter of the three patterned papers and sew between each row.

Using your Epiphany Crafts Button Studio tools, make your buttons; I made 11 buttons in a variety of styles.

String your buttons on twine with a needle; I made two strings of buttons. Tie a bow on each end.

Place and adhere photos. Add title and journaling. If the "the" does not stand out, trace with a thin black pen.

Add the Epiphany Crafts button banners. Add craft glue to one button and adhere to page before adding glue to the next button.
