

## Creative Card Making

By: Ginger Olivieri

### Project Overview:

The Viewpak XG CD/DVD Safety-sleeve® is great for sending holiday cards along with a disc for family and friends. Show your artistic side as you create the perfect alternative to traditional holiday cards!

The clear material and fold over closure design allow for up to three panels of colorful photos or customized inserts. Your disc is protected with archival Safety-sleeve, and the entire package can be mailed in a USPS approved paperboard disc mailer, which also provides an opportunity for custom designs.

### Instructions:

The Viewpak XG CD/DVD Safety-sleeve® has pockets for two photos or custom inserts, and one disc. Create your own inserts using construction paper and art supplies or digital printing, and send them along with a disc of family photos or your favorite music.

### Supplies:

- Viewpak XG CD/DVD Safety-sleeve®, #13418 [www.univenture.com](http://www.univenture.com)
- Your favorite photos or music
- Colorful paper, stickers and embellishments
- Adhesives and trimmers of your choice
- 6" x 6" Disc Mailer to send out your masterpiece, #10239 [www.univenture.com](http://www.univenture.com)
